

## HOSPITALITY RIDER

*The following is to be considered an integral, material part of the contract, signed and returned with the signed contract.*

### **SARAH SAVOY's Hell-Raising Hayride / SARAH SAVOY's Cajun Trio**

#### **Technical Notes:**

Please be sure you have the appropriate technical rider downloaded from sarahsavoy.com. If you have any questions, please contact us. The band does not travel with a sound engineer, so your assistance is appreciated.

The acoustic guitar in both bands should be more percussive than melodic. Please listen to a recording to get an idea. Highs and mids should be almost cut out of mix for a very dry, bass mix.

#### **Get-In, Load-In, Soundcheck:**

The band requires fewer than 15 minutes to set up. **Please have all backline and mics ready to soundcheck by load-in time.** Load-in should be scheduled a minimum of 2 hours before doors open. Soundcheck must be completed a minimum of 30 minutes before doors open.

#### **Security:**

The purchaser is responsible for the security of the band and all instruments and other personal equipment between load-in and load-out.

One well-lit table will be provided for the sale of merchandise, as well as one folding chair for the signing of merchandise after the performance. **Unless otherwise stipulated in the contract, Sarah Savoy retains 100% of merchandise proceeds.**

#### **Complimentary Tickets:**

Unless otherwise agreed, the purchaser will allow at least 2 guests per band member, plus 4 VIPs whose names will be provided prior to the actual performance unless otherwise stated and agreed upon by both parties.
